--	------------------------------

**AFFIDAVIT IN SUPPORT OF SEARCH WARRANT**

I, Marc Jones, Special Agent with the Federal Bureau of Investigation (FBI), having been duly sworn, depose and state as follows:

1. I make this Affidavit in support of an application under Rule 41 of the Federal Rules of Criminal Procedure for a search warrant authorizing the examination of property—an electronic device identified below and in Attachment A, which is currently in law enforcement possession—and the extraction from that property of electronically stored information described in Attachment B, which constitute evidence, instrumentalities, and fruit of violations of 21 U.S.C. §§ 841(a)(1) and 846.

2. I am a Special Agent with the Federal Bureau of Investigation (FBI). As a Special Agent, I am an investigative or law enforcement officer of the United States within the meaning of 18 U.S.C. § 2510(7), and empowered by law to conduct investigations of, and to make arrests for, offenses set forth in 18 U.S.C. § 2516.

3. I have been a Special Agent with the FBI since April 2021. I am currently assigned to the Oklahoma City Division, where I am assigned to the Criminal Enterprise Squad, which is responsible for investigating street gang and drug-related offenses. Since becoming a Special Agent, I have been trained in a variety of investigative matters which involved the unlawful distribution of narcotics in violation of 21 U.S.C. §§ 841(a)(1) and 846. Prior to joining the FBI, I was a Child Protective Services Specialist, from October 2015 to March 2021. In that capacity, I investigated allegations of child abuse and/or neglect and reported the findings of my investigations to the District Attorney's Office. Through my training and experience, I have become familiar with the methods and operation of drug distributors, including their common organizational structures, use of violence, methods of distributing, storing, and transporting drugs, and methods of collecting and laundering drug proceeds. As part of my investigative experience as an FBI Special Agent, I have been the affiant in multiple Title III wire intercept affidavits, executed search and arrest warrants, conducted physical surveillance, coordinated controlled purchases with confidential sources, analyzed records documenting the purchase and sale of illegal drugs, and spoken with informants and subjects, as well as other local and federal law enforcement officers, regarding the manner in which drug distributors obtain, finance, store, manufacture, transport, and distribute their illegal drugs.

4. I am submitting this Affidavit in support of a search warrant authorizing a search of one cellular telephone; a blue **Apple cell phone, unknown serial number** (hereinafter **SUBJECT PHONE**), as further described in **Attachment A**, which is incorporated into this Affidavit by reference. The FBI in Oklahoma City has custody of the **SUBJECT PHONE** in Oklahoma City, Oklahoma. I am submitting this Affidavit in support of a search warrant, which would authorized the forensic examination of the **SUBJECT PHONE** for the purpose of identifying electronically-stored data that is particularly described in **Attachment B**, which constitute instrumentalities, evidence, and fruits of violations of 21 U.S.C. §§ 841(a)(1), 846. The requested warrant would also authorize the seizure of the items and information specified in **Attachment B**.

5. Based on my training, experience, and the facts set forth in this Affidavit, there is probable cause to believe that violations of 21 U.S.C. §§ 841(a)(1) and 846 have been committed by Ivan Chanax Aguilar (**CHANAX**), Antonio Ortiz Herrera (**ORTIZ**), Victoriano Neri Hernandez (**NERI**), and others. There is also probable cause to search the property described in **Attachment A** for instrumentalities, evidence, and fruits of these crimes, as described in **Attachment B**.

6. Since this Affidavit is being submitted for the limited purpose of securing a search warrant, I have not included each and every fact known to

me regarding this investigation. I have set forth only the facts that I believe are necessary to establish probable cause to support the issuance of a search warrant. The information contained in this Affidavit is based upon my personal knowledge and observation, my training and experience, conversations with other law enforcement officers and witnesses, and review of documents and records.

### **BACKGROUND OF INVESTIGATION**

7. On May 12, 2022, the FBI and the Oklahoma City Police Department conducted an arrest of Ivan Chanax Aguilar (CHANAX), based on probable cause to believe CHANAX was involved in a drug conspiracy that was based in Oklahoma City. Law enforcement conducted multiple search warrants on May 12, 2022, in relation to a larger investigation into a drug trafficking organization that CHANAX was believed to be a part of. CHANAX had **SUBJECT PHONE** in his vehicle at the time of his arrest. The searches conducted on this day resulted in seizures of approximately 49 individually wrapped packages of a white, powdery substance that resembled cocaine. Based on my training, experience, and knowledge of the investigation, each package weighed between a pound and a kilogram. Law enforcement also seized approximately 10 kilograms of a crystal-like substance that resembled methamphetamine and approximately \$547,033 in U.S. currency. The

substances seized on May 12, 2022, had positive presumptive field tests for cocaine and methamphetamine, respectively.

8. CHANAX was taken into custody based on probable cause charges by the FBI and transported to Pottawatomie County Jail. The **SUBJECT PHONE** was seized by investigators and checked into the Oklahoma City FBI Evidence Control Room.

9. This investigation began in August 2021 when the FBI identified ORTIZ as an individual believed to be delivering cocaine to Lexington, Kentucky. In September 2021, FBI observed a member of the drug-trafficking organization (Courier 1) appear to make a delivery of controlled substances to ORTIZ. When Courier 1 left ORTIZ's residence, law enforcement conducted a traffic stop on Courier 1's vehicle, which led to the discovery of \$145,533 in U.S. Currency, two cell phones, and evidence that the vehicle had just delivered up to 49 kilograms of cocaine.

10. As part of this investigation, law enforcement utilized wiretaps on the phones of Antonio Ortiz Herrera (ORTIZ) and Victoriano Neri Hernandez (NERI). NERI is the boss of the Oklahoma section of this drug trafficking organization and ORTIZ is second-in-command. During the period of interception, phone calls were intercepted between CHANAX, using the **SUBJECT PHONE**, and ORTIZ and phone calls were intercepted between CHANAX, using the **SUBJECT PHONE**, and NERI. During these phone calls

with ORTIZ and NERI, CHANAX discussed the transportation and distribution of cocaine. Most recently, intercepted phone calls reveal that CHANAX transported approximately seven kilograms transported from a home in Venus, Texas to ORITZ's residence in Edmond, Oklahoma. On May 12, 2022, law enforcement searched ORTIZ's residence in Edmond, Oklahoma and located nine bundles of cocaine, which matched the approximately forty bundles of cocaine seized by law enforcement in Venus, Texas on the same day, and which confirms the intercepted phone calls that CHANAX transported illegal drugs from Venus to Edmond.

11. Based upon my training and experience, I am aware that individuals involved in trafficking illegal drugs often use cell phones to maintain contact with other co-conspirators, including suppliers, transporters, distributors, and purchasers of illegal narcotics. Such cell phones and their associated memory cards commonly contain electronically stored information which constitutes evidence, fruits, and instrumentalities of drug trafficking offenses including, but not limited to, the phone directory and/or contacts list, calendar, text messages, e-mail messages, call logs, photographs, and videos.

12. Based on my training and experience, I know that individuals involved in trafficking illegal drugs often take and store photographs of controlled substances and the proceeds of drug sales, and usually take and store these photographs using their cell phones.

13. Based on my training and experience, I know that electronic devices like the **SUBJECT PHONE** can store information for long periods of time. Similarly, things that have been viewed via the Internet are typically stored for some period of time on the electronic device. This information can sometimes be recovered with forensic tools. This is true even if the user of the electronic device deleted the file. This is so because when a person “deletes” a file on a computer or electronic device, the data contained in the file does not actually disappear; rather, the data remains on the storage medium until it is overwritten by new data.

14. Based on the above information, there is probable cause to believe that violations of 21 U.S.C. §§ 841(a)(1) and 846 have occurred, and that evidence, fruits, and instrumentalities of these offenses are located on the **SUBJECT PHONE**. Therefore, I respectfully request that this Court issue a search warrant for the **SUBJECT PHONE**, described in **Attachment A**, authorizing the seizure of the items described in **Attachment B**.

15. Based on the foregoing, and consistent with Rule 41(e)(2)(B), the warrant I am applying for would permit the examination of the **SUBJECT PHONE** consistent with the warrant. The examination may require law enforcement to employ techniques, including but not limited to computer-assisted scans of the entire medium, which might expose many parts of the

**SUBJECT PHONE** to human inspection in order to determine whether it is evidence described by the warrant.

16. Because the warrant seeks only permission to examine devices already in law enforcement's possession, the execution of this warrant does not involve the physical intrusion onto a premises. Consequently, I submit there is reasonable cause for the Court to authorize execution of the warrant at any time in the day or night.
